

Knowledge Development Form

Candidate Name: _____ Date: _____

Course: _____ Subject: _____

Introduction

Contact:

Have you ever?

Tell a story - Make it relatable. Try to NOT make it about scuba diving but something that in some way refers back to broad subject of their question. Good videos or interaction are good here but make it RELEVANT.

...this is similar to the question number _____ that some of you missed on your Knowledge Review/Exam...

Overview: *Today we are going to discuss...(READ THE ANSWER(S) to the missed Question briefly while referencing them on the slide or on the board.) This is your theme or general topic.*

Value: *This is important to you as _____ (course level) divers because...*

Conduct: *Please follow along in your _____ (digital course level) books, take notes, or ask questions.*

Body

Objective: *(READ THE QUESTION OFF OF THE SLIDE OR BOARD)*

Key Point(s): *(READ THE ANSWERS. Using the answer(s) to the missed question, incorporate the following Body items)*

Course activities in the local Environment:

Explain why they need this information and how they will use it during the program. For example, "when we go to "dive site" and do these skills.....

Be specific and paint a picture of the dive site so they can really imagine being there and using it.

Link information to another component of the course: *During exam...../Dive number....., skill.....we will be using this because.*

Promote Con-Ed or Environmental activity: *(Reference only ONE that is RELEVANT) and list benefits.*

Promote Dive Equipment or Dive Trip: *(Reference only ONE that is RELEVANT)*

Summary

Objective: *(READ THE QUESTION)*

Overview: *(READ THE ANSWERS)*

Value: *And remember this is important to you as _____ (course level) divers because...*

Con-Ed/Environmental activity: *(Reminder of Con-Ed referenced in Body - only ONE)*

Dive Equipment or Dive Trip: *(Reminder of Dive Equipment or Travel referenced in Body - only ONE)*

TRAINING AIDS - *must benefit the presentation*

Lesson Guide : Can be PADI digital or the board but reference and **USE** it.

PADI Digital Tool : PADI App, PADI Adventures APP. PADI digital manuals, Dive tables. - incorporate and reference them.

Dive Equipment/other PADI educational materials: - Relevant to topic and question and integrate it as a tool.

Non-diving aid - NOT A WHITE BOARD.

dive site map, video in contact, something to illustrate a concept... be imaginative!

**This presentation is supposed to be fun and interesting.
Try and teach with this in mind.**

**Engage your students in a conversation don't talk AT them.
Just breathe and have fun with it!**
